

Doesn't matter how many of your articles get approved and published; if they don't get indexed you are simply wasting your time and your money. You are wasting your time because you spend hours writing your articles and spinning them; additionally submission process takes time too. And you are wasting your money because you pay around \$100 for decent article submitter or article distribution service.

Secrets of Article Spinning to Maximize Indexation Rate

"Spin paragraphs, then spin each sentence in those paragraphs, and then spin each word in those sentences" – Hey, Who is going to do all these boring things?

There are so many MYTHS around there! 70% of What is Being Said About Article Spinning is WRONG!

"Spin paragraphs, then spin each sentence in those paragraphs, and then spin each word in those sentences" - It is thousand times easier to recommend it to someone else than doing it yourself! Can you imagine yourself doing that? Waste your next minute by describing yourself rewriting each paragraph, each sentence of your article...
